

Maths Week!

13th – 17th November

We had an amazing week!

We started our week by taking on the Teach Active 'Number Chase' challenge.

We absolutely loved doing the Numberella 'Escape Rooms' challenge together as a class!

In addition to all the fantastic activities we took part in, we also had a talk from Mr Kibby, a parent and Governor of the school. He spoke to us about his job at Lloyds bank and a client Liaison Officer, where he is responsible for working with big businesses loaning large amounts of money.

We also tried our hardest in the England rocks times tables competition!
