

## Maths Week England 13<sup>th</sup> - 17<sup>th</sup> November 2023

On Monday we dressed as Rock Stars and have been using TT Rock Stars as much as we can to help our school win the National competition.

What will we do with our ten pounds?

Saturn came up with lots of fantastic ideas for what to do for the tenner challenge. Some of the ideas include:

- hot chocolate
- hot chocolate pouches in the shape of reindeer
- blind bags full of surprises (jewellery, fidgets, sweets, toppings for hot chocolate)
- Viking board games
- Jewellery - Viking amulets, friendship bracelets
- Christmas decorations - pom poms, clay
- Christmas cupcakes or biscuits

Our next challenge will be to work out which is the best idea to make us the most money!

numberella.  
- WORLD -

Congratulations on completing:

On Wednesday we took part in a Numberella Escape Room as part of Maths Week England. We worked as a team and successfully saved the children!

We also had a visit from Mrs Oldham, who works at The Bank of England. We learnt about what the Bank of England does, the gold that is stored there and how secure the building is. Mrs Oldham showed all the features of each bank note and how to check whether they are real.
